ARC

ARC | Meranti Limited Executive Collection

The ARC collection is defined by sculpted curves and refined flowing geometry—an elegant and continuous visual language that brings calmness, precision and identity to the executive space.

Every transition from surface to volume is carefully shaped, creating a seamless and expressive form.

Presented in a Full Color Finish File, delivers a unified and contemporary aesthetic where color, form and structure operate as a single composition. The signature base, completed in a custom exclusive color, stands as the visual hallmark of the collection.

A key feature of ARC is its custom-engineered top-to-base connection—a uniquely designed joint developed exclusively for this series. This refined structural detail ensures both strength and visual purity, allowing the desktop to appear clean and almost floating, while preserving the sculptural clarity of the curved base.

The ARC series is intentionally limited, consisting of only three pieces:

Executive Desk

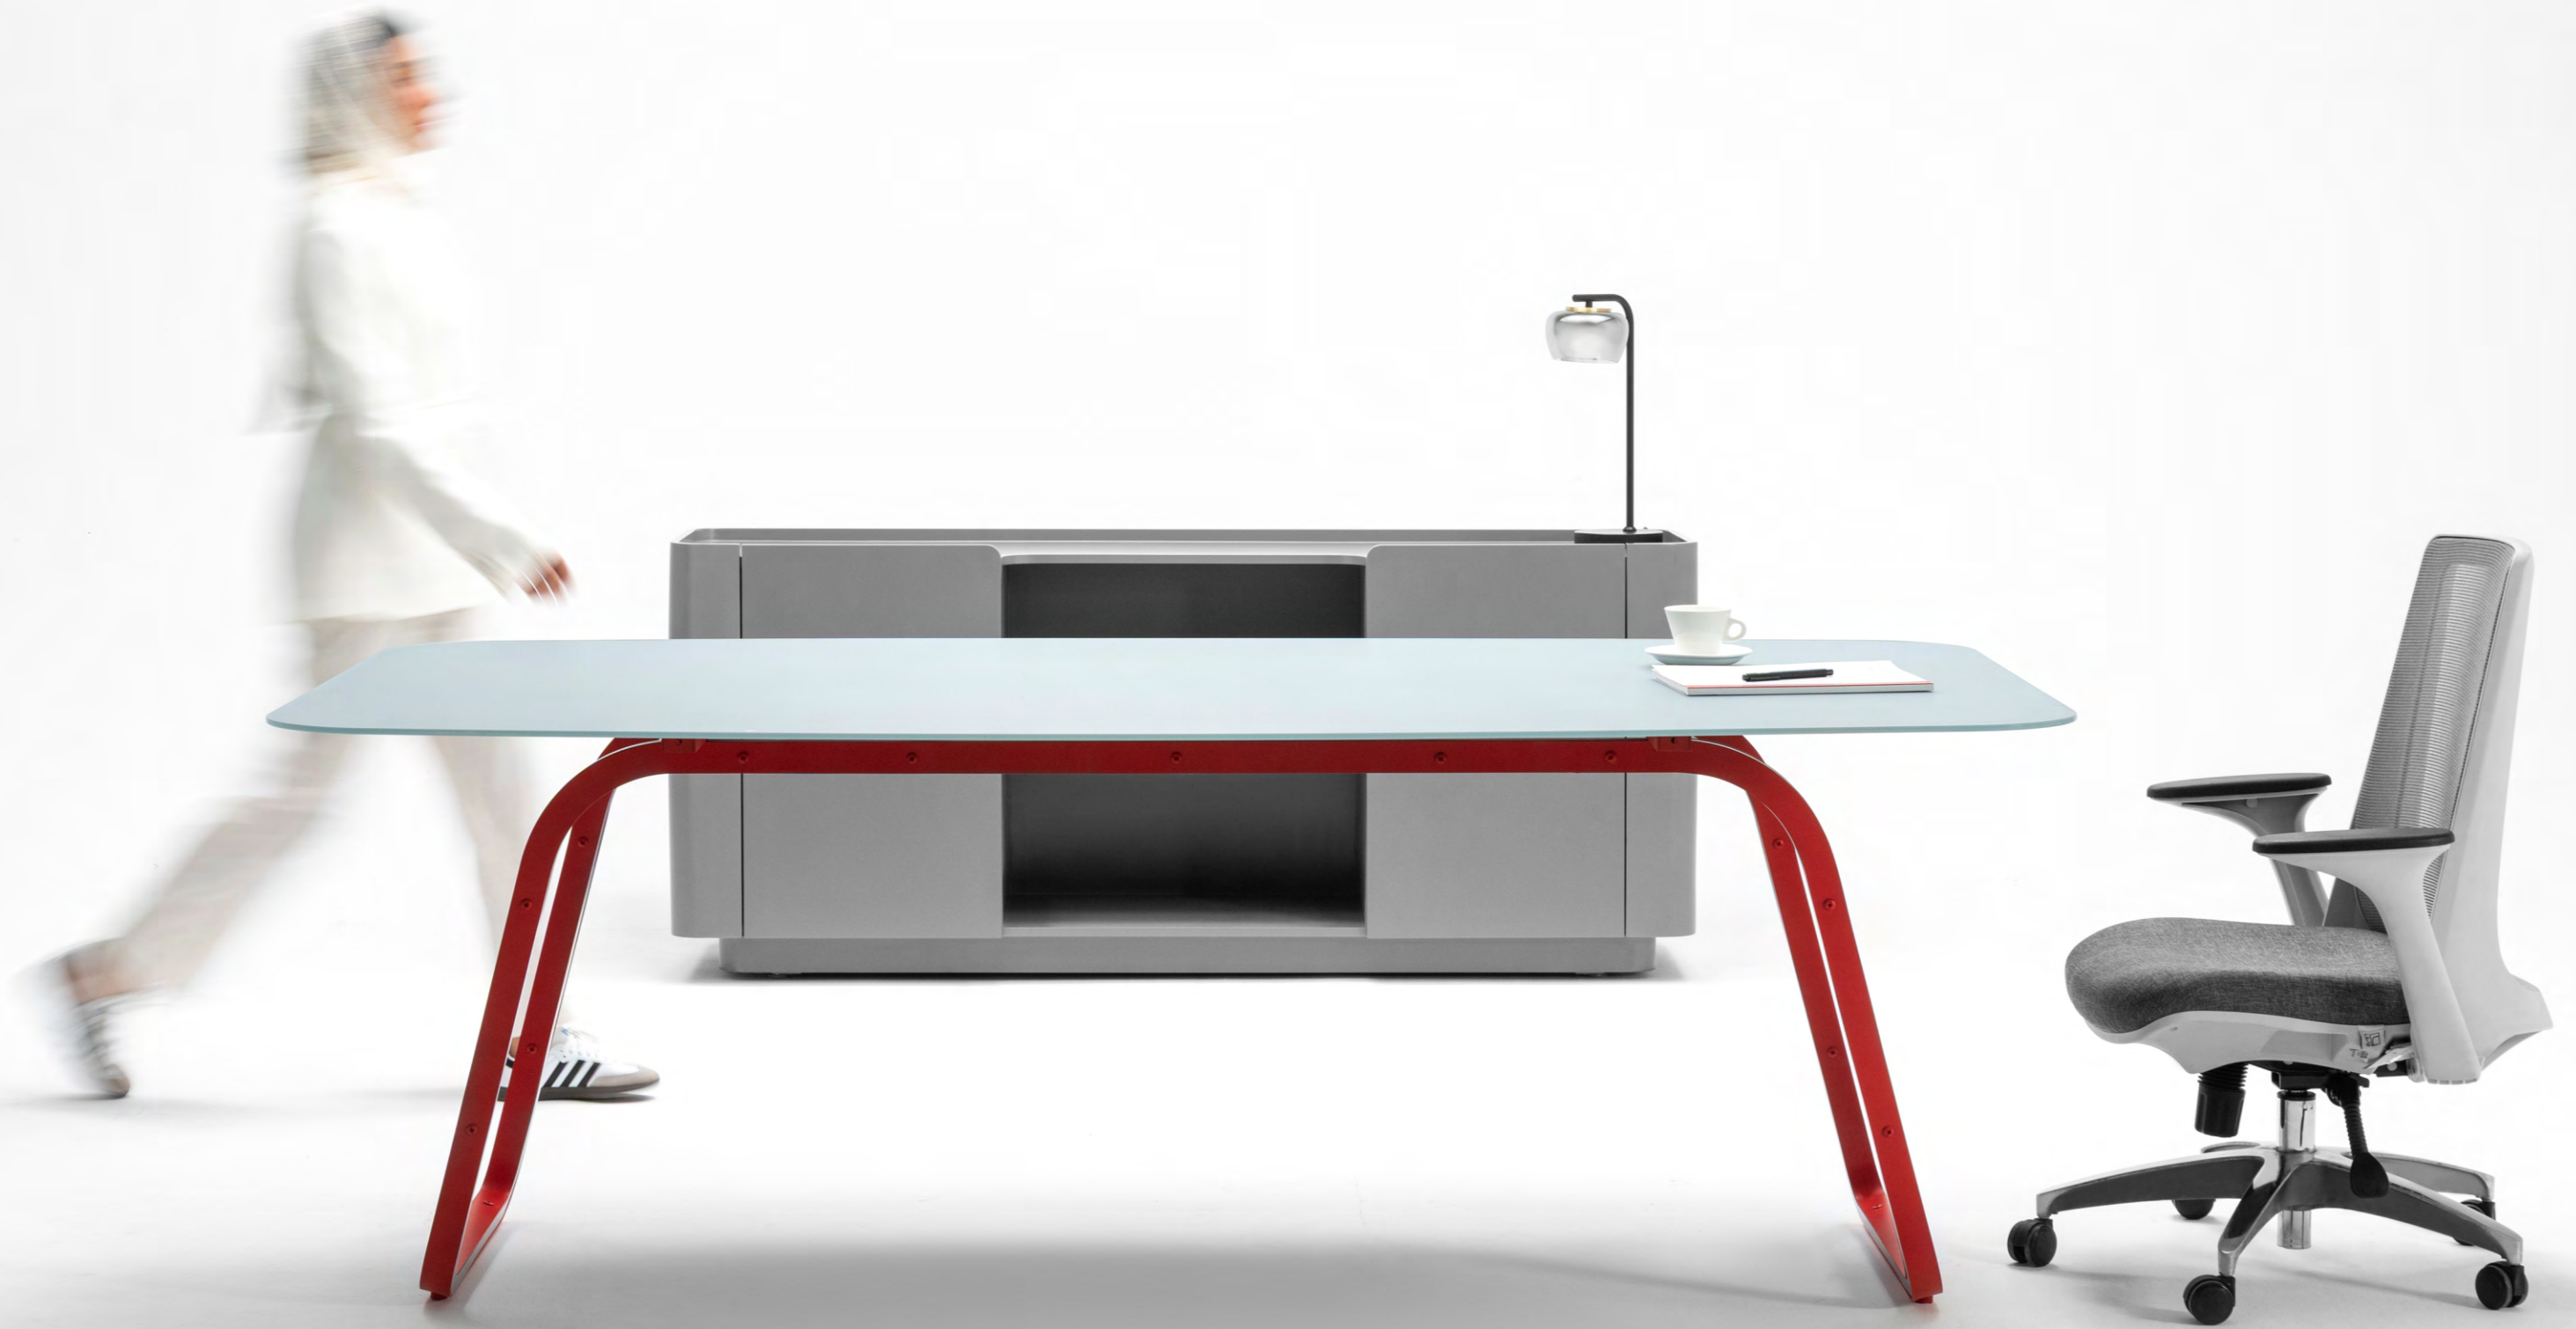

Executive Credenza

Conference Table

United by a consistent design language and precise curved geometry, this curated trio creates a cohesive and distinguished executive environment—ideal for spaces where refinement, exclusivity and visual coherence are essential.

ARC is a contemporary interpretation of curved executive design: a limited, unified and meticulously crafted collection where elegance meets engineered precision.
